## The Sonoran Desert Tortoise: Natural History, Biology, and Conservation

By Thomas R. Van Devender

University of Arizona Press. Paperback. Book Condition: new. BRAND NEW, The Sonoran Desert Tortoise: Natural History, Biology, and Conservation, Thomas R. Van Devender, One of the most recognizable animals of the Southwest, the desert tortoise (*Gopherus agassizii*) makes its home in both the Sonoran and Mohave Deserts, as well as in tropical areas to the south in Mexico. Called by Tohono O'odham people "komik'-ed," or "shell with living thing inside," it is one of the few desert creatures kept as a domestic pet as well as one of the most studied reptiles in the world. Most of our knowledge of desert tortoises comes from studies of Mohave Desert populations in California and Nevada. However, the ecology, physiology, and behavior of these northern populations are quite different from those of their southern, Sonoran Desert, and tropical cousins, which have been studied much less. Differences in climate and habitat have shaped the evolution of three races of desert tortoises as they have adapted to changes in heat, rainfall, and sources of food and shelter as the deserts developed in the last ten million years. This book presents the first comprehensive summary of the natural history, biology, and conservation of the Sonoran and...
