## ADVANCED CIVILIZATIONS OF PREHISTORIC AMERICA: THE LOST KINGDOMS OF THE ADENA, HOPEWELL, MISSISSIPPIANS, AND ANASAZI

Inner Traditions Bear and Company. Paperback. Book Condition: new. BRAND NEW, Advanced Civilizations of Prehistoric America: The Lost Kingdoms of the Adena, Hopewell, Mississippians, and Anasazi, Frank Joseph, Before Rome ruled the Classical World, gleaming stone pyramids stood amid smoking iron foundries from North America's Atlantic seaboard to the Mississippi River. On its east bank, across from today's St. Louis, Missouri, flourished a walled city more populous than London was one thousand years ago, with a pyramid larger - at its base - than Egypt's Great Pyramid. During the 12th century, hydraulic engineers laid out a massive irrigation network spanning the American Southwest that, if laid end to end, would stretch from Phoenix, Arizona to the Canadian border. On a scale to match, they built a five-mile-wide dam from ten million cubic yards of rock. While Europe stumbled through the Dark Ages, a metropolis of weirdly shaped, multistory superstructures, precisely aligned to the sun and moon, sprawled across the New Mexico Desert. Who was responsible for such colossal achievements? Where did their mysterious builders come from and what became of them? These are some of the questions investigated by Frank Joseph in his examination of ancient influences at work on the American continent. He reveals that modern civilisation is not the first to arise in North America but was preceded instead by four high cultures that rose and fell over the past three thousand years: the Adena, Hopewell, Mississippian and Anasazi-Hohokam. How they achieved greatness and why they vanished so completely are the intriguing enigmas explored by this unconventional prehistory of our country, ADVANCED CIVILIZATIONS OF PREHISTORIC AMERICA.\*Describes the cultural splendour, political might and incredibly advanced technology of these precursors to our modern age\*Shows that North America's first civilization, the Adena, was sparked by ancient kelts from Western Europe and explores...
