This, with its necessary appurtenances, is so constructed in substantial brickwork that we secure not only the power of heating up quickly and thoroughly, but, what is very desirable in warm weather, the ability of maintaining a gentle heat, by means of its external radiating surface, without assistance from the radiators, which insures the greatest economy in the consumption of fuel. The simple construction of our Boiler, and the fact that the fire is entirely surrounded by water, (except at the grate),...

### Reviews

*This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.*
