

Astronomy and Astro-Physics Volume 12

By Goodsell Observatory

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1893 Excerpt: . marking usually appears forked, the prongs being placed at an angle varying from 30 to 60. The fork is sometimes turned to the right and sometimes to the left, and sometimes a double fork is seen, giving the marking a shape similar to the letter X turned upon its side. Figure 4 was drawn under very favorable circumstances upon October 15d 11h.5 A. M. T. Probably this drawing and two similar ones made by Mr. Douglass upon the same night give the most accurate idea of the apparent detail of any that we possess. The detail in Figure 5 is taken from a drawing made by Mr. Douglass January 29d 8h.7 A. M. T. Besides the detail the drawing shows the slightly irregular shape of the elliptical disc. The first six drawings are all on a uniform scale f l oTo-Jnsinrir or 1 millimeter equals...
