Ever want to write a book but didn't quite know how to start? Ever wonder if you even had the talent or could learn the skills? Me too, until I discovered One Way To Write, a system that made my first book, The Sky Tree, easy to create, to publish and to sell on Amazon and Kindle. It was so easy I decided to share the system with other new wanna-be authors. Why should I have all the fun? There are lots of excellent books on how to write mystery, romance, children's stories and thrillers but most describe everything in so much detail it's hard to figure out what to write or how to begin. 1W2W cuts to the chase. This little book simplifies all these complexities to get you writing right away while learning, one-skill-at-a-time, what's needed to create a good first book. And since creativity is the toughest nut to crack, we start with how to unlock your imagination to invent believable characters, conflict and drama. Next, we tune YOUR story with the story spices of style, dialogue, voice, POV, tense, pace and more, to make your book-meal delicious. For your first book, just follow the recipe. For your next story, you won't even need a recipe.
