If you re like the author, you might have had issues reading the extremely faint line on the pregnancy test and finding out from the mother-to-be that it s positive. Nothing says I m going to be a great father like reading a pregnancy test wrong. But don t worry, this book will help guide you on what to do, and more importantly what not to do, now that you re less than a year away from becoming a father. Although there are countless books for expectant mothers that go in-depth about every topic imaginable, Foreshadowing Fatherhood throws a lifeline to first-time dads who--low on sleep and sound judgment--are destined to go from the penthouse to the dog house. Don t be that guy--buy this book to survive and thrive in fatherhood.
