Theater arts teachers thrive on it. They are committed to developing the next generation of actors - and the generation after that. Teaching theater arts is a special calling. It is for people who love movies, live theater, performing, and seeing the written words of talented writers brought to life by gifted actors. Cultivating the acting bug in wide-eyed youngsters hoping to see their names in lights one day falls to patient, talented teachers in elementary schools, middle schools, high schools, colleges, and private acting studios, throughout the United States and the world. Acting can build confidence and self-esteem,...
